

## SKIN SYSTEMS

SKINCEUTICALS SKIN SYSTEMS PROVIDE PATIENTS WITH TARGETED PREVENTIVE, PROTECTIVE, AND CORRECTIVE GROUPINGS DESIGNED TO ADDRESS SPECIAL NEEDS SUCH AS PRE- AND POST-REJUVENATION PROCEDURES, ACNE, AND ENVIRONMENTAL DAMAGE.

## ANTI-AGING SYSTEM

This three-step regimen has been proven to combat oxidative stress and UV damage, protect skin's structural proteins, and boost collagen synthesis to minimize the appearance of wrinkles, restore skin's luminosity, and redensify from within.

### INCLUDES:

- C E Ferulic®
- A.G.E. Interrupter
- Ultimate UV Defense SPF 30

 SKINCEUTICALS

## ADVANCED BRIGHTENING SYSTEM

Over time, skin's exposure to UV radiation can contribute to signs of premature aging, often resulting in the appearance of fine lines, wrinkles, and uneven pigmentation. The SkinCeuticals Advanced Brightening System provides a five-product system clinically proven to minimize the appearance of UV-induced skin damage by preventing future damage, correcting existing damage, and protecting healthy skin.

### INCLUDES:

- Phloretin CF®
- Retexturing Activator
- Pigment Regulator
- Retinol 0.5
- Ultimate UV Defense SPF

## ADULT ANTI-ACNE SYSTEM

The SkinCeuticals Adult Anti-Acne System contains three powerful products specifically designed for the concerns of the blemish-prone adult.

FEATURING:

LHA Cleanser

LHA Solution

Award Winning Blemish + Age Defense

### BENEFITS

This three-product system is clinically proven to:

- Reduce blemishes
- Smooth texture
- Even skin tone
- Minimize fine lines & wrinkles
